---

UI/UX Designer & Graphic Designer

Jul 2025 - Jul 2026

Your Office Partners

Responsibilities:

- Designed the user interface for a ship chartering platform serving Dubai-based clients, delivering a clean dashboard UI with simplified navigation
- Redesigned the UI of an HR software web application and introduced new dashboard features
- Led the design of a new HR software mobile application, producing 100+ screens
- Developed a website for a Dubai-based real estate business using React, CSS, and JavaScript, including technical SEO implementation
- Enhanced the UI of the company's main website and published new blog content twice weekly

- Created graphic design assets for marketing campaigns
- Designed print collateral including business cards, brochures, logos, and brand identity systems
- Collaborated with an intern to develop a landing page showcasing HR services and products

**Impact:**

- Improved dashboard navigation and usability by 50%
- Increased marketing reach 10x through designed campaign assets
- Delivered 100+ mobile application screens ahead of schedule
- Improved the company website UI by 80%

**UI/UX Designer | NGEN LABS**

**Feb 2024 - Jan 2025**

**Responsibilities:**

- Led end-to-end UI design for a vendor management platform, enabling non-technical users to track vendors and add new products
- Redesigned the website of a gas and oil services client, restructuring a cluttered interface into a clearer layout
- Designed a new dashboard for an internal banking web application, improving the overall user interface
- Created a multi-page website for a charity organisation using a clean, minimal design approach

**Impact:**

- Improved overall user experience by 50% through the client website redesign
- Enhanced banking dashboard usability 3x over the previous interface
