PROFESSIONAL EXPERIENCE

UI/UX Designer | Graphic Designer

Jul 2025 - Jul 2026

Your Office Partners, Business Bay, Dubai, UAE

- Led end-to-end product design for a ship-chartering web application serving Dubai-based clients, creating a clean dashboard UI with simplified navigation and intuitive user flows.
- Designed a 100+ screen mobile HR application end-to-end, covering user flows, wireframes, high-fidelity UI, prototyping, design systems, and developer handoff.
- Redesigned the UI of an HR software web application, introducing new dashboard features and improving information hierarchy, usability, and overall product consistency.
- Designed and developed a Dubai-based real-estate website using React, JavaScript, and CSS, implementing technical SEO that achieved a 97% SEO audit score.
- Redesigned the company's official website, improving navigation, visual hierarchy, responsiveness, and brand consistency.
- Collaborated with and guided an intern to design and develop a landing page showcasing HR services and products, providing feedback on UX, UI, and implementation.
- Created daily marketing and brand assets social media posts, promotional cards, brochures, and print collateral maintaining brand consistency across digital and print channels.

- Managed and published blog content twice weekly, supporting the company's digital presence and organic search efforts.

UI/UX Designer

Feb 2024 - Jan 2025

NGEN LABS, Chennai, India

- Led end-to-end UI design for a vendor management platform, enabling non-technical users to track vendors and onboard new products through simplified, task-focused workflows.
- Designed a new dashboard for an internal banking web application, improving information hierarchy and data legibility across core reporting screens.
- Redesigned the website of a gas and oil services client, restructuring a cluttered interface into a clearer, more navigable layout with a consistent visual system.
- Designed a multi-page website for a charity organisation, applying a clean, minimal design approach and consistent typography across all pages.

Freelance UI/UX Designer

Apr 2022 - Jan 2024

Self-Employed, Chennai, India

- Designed and delivered the event website for an AI programme hosted by a Singapore-based university, completing the full design within a two-day turnaround ahead of the client's deadline.
- Redesigned logo and visual identity assets for a technology startup and an IT services company, improving mark clarity and brand consistency across digital applications.
